

Boqii Further Revises its ADS to Class A Ordinary Share Ratio and Extends the Effective Date

SHANGHAI, May 27, 2022 /PRNewswire/ -- Reference is made to Boqii Holding Limited's ("Boqii" or the "Company") (NYSE: BQ) announcement made on May 20, 2022 with regard to plans to change the ratio of its American depositary shares ("ADSs") to Class A ordinary shares ("Prior Announcement").

After further consideration, the Company announced today that it will void the purposed ratio change disclosed in the Prior Announcement and adopt a revised ratio. Under the revised ratio, Boqii will change its ratio from one (1) ADS representing three fourths (0.75) Class A ordinary shares to one (1) ADS representing four and a half (4.5) Class A ordinary shares (the "Revised ADS Ratio Change").

The Revised ADS Ratio Change is expected to become effective on or about June 3, 2022 (U.S. Eastern Time).

For Boqii's ADS holders, the Revised ADS Ratio Change will have the same effect as a one-for-six reverse split on the existing ADSs. Each ADS holder of record at the close of business on the date when the Revised ADS Ratio Change is effective will be required to surrender and exchange every six (6) existing ADSs then held for one (1) new ADS. The Bank of New York Mellon ("BNY Mellon"), as the depository bank for Boqii's ADS program, will arrange for the exchange of current ADSs for new ADSs (subject to receipt of applicable ADS fees from the exchanging ADS holders). No action is required by holders of uncertificated ADSs to effect the Revised ADS Ratio Change, as the change will be effected on the books of the ADS depository.

No fractional new ADSs will be issued in connection with the Revised ADS Ratio Change. Instead, BNY Mellon will attempt to sell any fractional entitlements to new ADSs and the net cash proceeds from the sale of the fractional ADS entitlements (after deduction of fees, taxes and expenses) will be distributed to the applicable ADS holders by BNY Mellon. Boqii's ADSs will continue to be traded on the New York Stock Exchange under the ticker symbol "BQ".

As a result of the Revised ADS Ratio Change, our ADS price is expected to increase proportionally, although the Company can give no assurance that the ADS price after the ADS Ratio Change will be equal to or greater than six (6) times the ADS price before the change.
